

Public Notice: 2025 Slurry Seal Operations

City of Patterson has awarded the 2025 Slurry Seal Project to American Pavement Systems, Inc. This project consist of removing and replacing striping and markings, repairing cracks in the roadways and applying a Type II Slurry Seal to various streets in the city.

Estimated Start Date: August 11, 2025

Estimated Completion Date: October 2025

Streets will be closed to through traffic during Slurry Seal operations expect for emergency vehicles responding to calls. Construction signs will be in place and flaggers will be on site to help direct traffic. Residents within the area will be notified 48 hours in advance of scheduled activities. **“No Parking”** signs will be placed 48 hours in advance on the streets that are scheduled for slurry seal operations.

Please be advised of the following:

- Any cars parked within the posted area on the days of the slurry seal operations will be towed
- Do NOT drive on the surface treated streets until the street(s) has been reopened to traffic or permitted by a flagger
- Reduce speed while traveling through the work area
- Garbage pick-up will not be affected; Place trash bins on top of the curb
- Do NOT water your lawn on the “No Parking” days or the night prior

To view the schedule of operations, please visit: <https://pattersonca.gov/2028/2025-Slurry-Seal>

We understand that the construction of this project will disrupt traffic flow and cause slight delays. Construction crews will do their best to minimize disruptions. Thank you in advance for your patience and cooperation.

If you have any questions or concerns regarding the slurry seal operations, please contact American Pavement Systems, Inc. at (209)-339-2381, or the City of Patterson Engineering Department at (209) 895-8077.

Thank you,
City of Patterson
