APPLICANT'S AGREEMENT

(PLEASE REVIEW AND SIGN BELOW)

The contractor is required to submit to the City a Certificate of Liability insurance with a limit no less than \$2,000,000 in coverage (per occurrence), \$4,000,000 in general aggregate. An ISO Form CG 20 10 (current operations) and a CG 20 37 (Completed Operations) Endorsement to your policy naming the City of Patterson, its officers, agents, and employees as additional insured. Auto liability coverage for Bodily Injury and Property Damage Combined Single Limit for any auto (owned, non-owned, hired, etc.) in the amount of \$2,000,000 per accident. A "Waiver of Subrogation" Endorsement in favor of the City, its officers, agents, and employees, for the General Liability, Workers Compensation, and Auto Liability Coverage. In addition to the insurance requirements, the applicant must post a bond with the City of Patterson in the amount of 100% of the approved Engineer's Estimate. The bonds must be valid for the duration of the project. The permit processing fee is non-refundable.

The applicant shall prepare traffic control plans and follow traffic control procedures in accordance with the CalTrans Manual for projects, which require work in public right-of-ways.

The applicant further agrees that he or she shall take all necessary safety precautions reasonably required in performing any work pursuant to any permit granted by the City of Patterson, and specifically agrees to comply with any and all safety standards and rules that have been established by the State of California or the Federal Government.

The applicant further agrees that in consideration of the granting of any permit issued pursuant to this application that he shall indemnify and hold the City of Patterson harmless from any and all liability for damages resulting from the negligence of the applicant, its agents, employees, subcontractors, or assigns, including damages for death, or bodily injury, injury to property, and any and all liability, loss, costs, damages, fees of attorneys, and other expenses which the City of Patterson may sustain or incur as a consequence of the negligence of the applicant, its agents, employees, subcontractors or assigns.

This permit is only valid for the party named above for the specific scope of work listed above. Applicant must contact the Patterson Building Department at (209) 895-8030 to obtain the appropriate permit(s) for any work on private property. This permit is valid for 30 days from the date of Engineering approval. Work may not commence until all conditions of approval have been satisfied.

Inspections by Engineering staff will be billed at the corresponding fee per inspection and require a 24-hour notice. The cost for any inspections by the City's Engineer will be billed to the applicant and require a 48-hour notice. ***Any jobs that encroach on city streets, including partial blockage or closure of streets, will require a traffic control plan and a designated date work will begin.***

****PLEASE NOTE: Due to Phase II storm water regulations, all contractors are required to comply with all Federal, State, and Local regulations.***

A pre-inspection walk thru may be scheduled with the contractor and the City Representative for Engineering prior to work beginning. Should you have any questions, contact Engineering at (209) 895-8033.
